Chapter 1

Dipper POV

I sighed as I closed my locker. It was the last day of school and I still had one more class to go "Don't worry DIpper, it will soon be over."

"Oh look! Dipshit is talking to himself again!"

I froze and looked away. Please not now! Gary walked up to me with his goons standing right behind him. "What do you want Gary?" I grumbled and looked up to see his ugly fat face. He sneered,"You think because it's the last day of school you can get away from me,dipshit?" I rolled my eyes,"Of course not! You're kinda hard to miss." One of his goons burst out laughing.

Gary sent him a deadly glare before turning back to me. "Listen here, Dipshit.." he grabbed my sweater collar and pulled me close to him. My face felt hot at how close I was to someone "Let me go NOW Gary!" He smirked,"As you wish!" He picked me up and threw me onto the hallway floors. Now I was pissed. "Dipper!" I could barely hear Mabel's voice. I was not going to let anyone push me around. Mabel ran up to Gary and tried to stop him from hurting me any further but he only shoved her away. "DON'T YOU TOUCH HER!" I snapped up and ran with my fists clenched. Everything suddenly went black.

When my vision cleared,Gary was on the floor bleeding from his face. It looked messed up. I looked at my hands shakily. They were covered in fresh blood. Gary's blood. What the hell just happened? Mabel grabbed my hand and pulled me out of the scene. "M-mabel? What's going to happen now?"

She sighed as we stopped near our house "I don't know dipper. I just don't know"

~A few days later~

The bus screeched to a halt. "Fight Falls!" the bus driver called out. Mabel and I got our stuff and stepped out of the bus. "This was all your fault" Mabel grumbled. I rolled my eyes "Then deal with it!" She smiled and punched my arm. I smiled back and walked towards the exit. "So where is this Mystery Shack dad was talking about?" Mabel waved to a walking stranger. He glared at her and went running towards an alley. Man,this town sure is weird.

"Dad said it was somewhere around these woods" I replied as we followed a small path. We continued to walk until we saw this sign that said "Mystery Shack this way!" Mabel giggled and we walked past the sign. Once we arrived our grunkle came out and greeted us.

"Hey kids! Welcome to Fight Falls! Where the townsfolk are weird and the fights are real!" I smirked "Well,that sounds good to me." Mabel nodded "I agree." After a small fight on who gets what room and what to eat for lunch, I decided to take a small walk around the town.

I was out for some trouble.

Kill POV

I grabbed my coat and teleported to the fight ally. The most popular alley where you can find the top fighters in fight falls. I had to admit, some of these guys were really good. I was up for it. Two guys were already starting to punch each other. Everyone cheered and placed bets. I coolly leaned against the building wall and watched.

Movement caught my eye when I spotted a young boy who looked around my age,walking past the alley. I smirked. He is my going to be my next victim. I walked out of the alley and spotted the boy. "Hey you!" I called out. He turned his head around "Are you talking to me?" I sighed "No man,I was talking to the pretty unicorn behind you." He frowned and turned fully around to face me "Are you looking for trouble?" He clenched his fists. I chuckled

"It's what everyone here in Fight Falls wants." The young boy

grinned "Sorry old man, but I don't fight elders." I stopped smirking and glared at him "I'll have you know that I am 16." The boy sneered "I'm 15 but that still makes you an old man." I smiled and held out my hand "I like your style kid, the name's Kill Cipher." The boy walked towards me and shook my hand. "Dipper Pines,nice to meet you Kill." My,this kid looks pretty cute. I looked down on his sweater and noticed that his sweater had a pinetree on it. "Here." I grabbed his hand and pulled out a pen. I wrote down my phone number "Want to hang out later?"

Dipper's face was red and he looked rather nervous. I noticed that I still was holding his hand.I let go and shoved my hands in my pocket. "S-sure" he muttered. I smiled "It's a date." I wanted to laugh when I noticed his face get redder. "See you later pinetree." I walked away and headed back towards my home.

Chapter 2

[image]

A/N Before we began I just wanted to give a shout out to asia826 and SolarAquarion for voting on and reading this story! Thank you, that really means a lot! Ok,enough talking! Here is the story! :)

Dipper POV

Pinetree? Why would he nickname me pinetree? I shrugged and decided to go back home. I pulled out my phone and put in Kill's number. By the time I got back to the Shack it was already dark.

Grunkle Stan stood outside, waiting angrily. After being shouted at for a couple of minutes and a couple of eyerolls, I headed back to my room to get some rest. I wonder what Kill's up to tonight.

I sighed and tried to get some sleep. My mind kept on going back to Kill for some reason. He was good looking and doesn't seem to back off when I snap at him. I smiled as I remembered the past event. Maybe we can meet up some time during the summer? Wait! No! I can't fall for someone again. It did not work out the last time so what makes me think Kill could accept me? Hell,I don't even know the guy! I closed my eyes and drifted off to sleep.

Who is the real Kill Cipher?

Kill POV

I coughed up some blood as I was kicked again in the stomach. "Show me! Show me now,cipher!" I looked up at a teen boy who has found out my true form. "I c-can't" I growled. It was becoming hard for me to contain my true self. What is wrong with this kid?

"You are a pathetic DEMON!" he shouted the last part and kicked me hard again on the stomach. I couldn't hold it anymore. I grinned as I clutched my stomach in pain. I chuckled but that chuckle soon

turned into laughter. "A pathetic demon you say?" I smirked as I saw the fear in his eyes when my fists burst into red flames,"Well,this demon is going to show you who he really is!" He turned to run but I grabbed him from the back of the neck. He gasped as I whispered in his ear.

"See you in hell."

Dipper POV

"Dipper! Wake up,you are not going to believe this!", I groaned and rose up from my bed. "What is it Mabel? Can't you see I'm sleeping?" Mabel was next to my bed holding a newspaper. What could be so important that she had to wake me up at this time? Wait. Time? I reached for my phone and checked the time. My eyes widened,"5:30! Mabel! Why did you wake me up at this time!" She had one eyebrow raised and was tapping her foot.

"Are you done?" I pretended to think about it and nodded. She smiled and showed me the newspaper. "I was outside,getting ready for my morning run when I noticed a cute newspaper boy coming over here. As usual,I flirted with him and we talked but then he handed me the paper and left. I decided to read it when something catches my eyes." She handed me the paper and I looked it over. Oh my god!

"Dipper, there is a murderer in Fight Falls."

Chapter 3

[image]

A/N hey everyone I just want to say thank you guys for reading my story! I didnt think anyone would want to read this story. Welp,here's a new chapter!!!!

Dipper POV
"A murderer!?"
Mabel nodded "Who could it be?"
I shrugged. The townsfolk all look like people who would kill. This was a huge mystery! I got up and went to write something in my journal. "Hey mabel?" I stopped writing and looked up. She crossed her arms and looked towards my direction.

"How would you like to help me find this murderer?" She grinned,"hell yeah!! Let's do it!" She put her fists up in the air,"The mystery twins are back!"
"Alright,alright. Now can you please leave so i can get ready?" She nodded and left me alone in my room. I pulled out my phone to see some texts from Kill.

Kill:Hey pinetree,i need to speak with you!

Kill:where r u?

Kill:pinetree!!

I noticed that he texted me late at night. I looked out the window to see the sun starting to rise. Wow! Mabel and i must have been talking for a long time.
I quickly texted kill back

Dipper: i saw your texts

Kill:Well thank god for that

Dipper: what did you need

Kill: nothing. Its fine

Dipper: well, do you want to hang out today? Im doing nothing.

Kill: um, sure i guess

Dipper: great! See you in 3 hours!

Kill: ok bye

I stopped texting kill and got ready for the day.

~time skip to 3 hours bc im lazy ;-)~

"I'm going out for a couple of hours! Don't come looking for me!" i shouted from downstairs. "I don't care what you do!" shouted mabel back. "Be careful and don't let the cops follow you here!" grunkle stan shouted from the living room.

I rolled my eyes and left the shack. Where am i supposed to meet kill?
"Hello pinetree."
I turned around and pulled out my pocket knife. Grunkle stan did say to never leave without it. "Relax kid, i thought you said you wanted to hang out?",kill put his back against the shack and crossed his arms.

He was wearing red jeans with a red flannel ontop of a black shirt. His red and hair was put back and his freckles looked really cute. Wait! What am i saying!

I shook my head and smiled, "sooo, where do you want to go?" He grinned,"well, there is this great cafe i know." I put my pocket knife back in my pocket. "So then lets go." He lead me towards town and we walked in silence.

It was extremely uncomfortable so i decided to start a conversation. **(We all know how that works)**
"Hey kill, have you heard about the resent murder?" He immediately tensed up," so i heard?" I looked at him curiously,"Do you know who did it?"

He looked down and shrugged. "So you do?" I jumped up excitedly "this is great! We can go to the police and you can tell them who it was! And we might even get a reward!"

"No."

I stopped walking,"what?" He stopped walking too and looked back," I said no. What? Did you not hear me clearly?"

"No, I heard you. Why won't you tell the police?" He groaned and pinched his nose," Look, are we going to hang out or ask stupid questions because if we are doing the second then im going home." I rolled my eyes,"Alright, lets go but then later you tell me everything. Deal?"

He reached out his hand,smirking. "Deal." we shook hands and i could've sworn his eyes glowed red for a bit. He continued to walk and I followed. We made it to town and entered this small cafe.

~another timeskip~

"That was great!"I smiled and stretched my arms " those pancakes were the best." Kill chuckled,"yeah, i guess." We decided to take a small walk through the woods.

"Ok, now that we had fun its time for you to accomplish my part of the deal." Kill frowned," look, i don't think its ok for you to ask that." I rolled my eyes for what must've been tbe 5th time,"We made a deal and you have to-"

Kill grabbed me from the collar and pulled me close to his face. I blushed and tried to get away. "I don't have to do anything!",he growled. I froze. His eyes were glowing bright red and his teeth have sharpened. What the hell just happened.

Pinetree, its me. I need you to listen.

Kill? I faced kill again but his eyes only showed anger. How the hell was he talking to me without moving his lips.

Just say what he tells you. I will explain later.

"Do you know what I do to naughty boys,pinetree?" I shuddered,"What?"

"I **kill** them!"

Shit.

Chapter 4

[image]

Dipper POV

"K-kill! You d-don't want to kill me!"

He stopped grinning,"Of coarse I do! It's what I do." I felt his hands loosen up.

Keep him busy!

"Kill? D-do you w-want to make a deal?" He had a toothy grin. His teeth looked really sharp. "I'm listening", he came closer to my face,our noses nearly touching. I tried to keep myself from blushing too hard,"Y-you let me g-go and I let you come home w-with me?"

He looked into my eyes and his eyes suddenly returned back to their normal color. "Pinetree,I'm too dangerous for that." I noticed that he was back to normal but I wanted to get closer. "What if I want you to come with me~",I neared his a little more,my face getting redder. What was I doing!?

He nearly killed me and yet I still want to get a kiss from him?! He grinned,"My,aren't you desperate~" The gap between our lips closed. The kiss was deep and passionate. What am I talking about? I just met the guy. I wanted the kiss to last forever but soon enough we needed air. "Curse oxygen",kill gasped and I chuckled. He pulled me close to him and wrapped his arms around my waist.

"So,do you want to see something cool?",kill pecked my cheek and I blushed,"Sure" He grinned big,"Let's go!" He grabbed my hand and pulled me towards the town.

Wait! He hasn't told me about the murder case! And what happened with his teeth and eyes? These questions spun around my head.

"We are here!"

I gasped,"Oh my god!" Kill's eyes filled up with excitement,"Welcome to fight ally!"

A/N Sorry that it was so short but I promise to make a longer chapter next time! :D

Chapter 5

[image]

A/N hey everyone! Like i promised, a kinda long chapter. Just wanted to give a quick shout out to m1r4tuuu, HopeTales,and roycogirl! Thank you guys and I'm happy that everyone enjoys reading my stories!

Dipper POV

"So when did you arrive here in fight falls?", I looked over at a now drunk Kill cipher.

"Hm?",he hummed and grinned. I put down my beer and looked over at the fighting ring. Two men in boxing shorts were punching each other while others cried out for one to knock out the other. Man,what could be better than this? I looked over at Kill who seemed to be deep in thought about something. I suddenly had the memory of him attacking me again.

"Hey,kill?"

Kill frowned and faced me again,"What's wrong pinetree?" His eyes looked far but yet so pretty. I tried my best to avoid them. "Um, what happened? You know,when you kinda...attacked me?" Kill drank from his beer and growled,"I told you that I would explain later." I frowned. Now probably wasn't the time,I guess. "Did that kiss mean anything to you?",I said quietly. He looked up,surprised. "I don't know",he mumbled. Great.Fantastic. "Well,I hope you enjoy the rest of the night!",I walked away from the bar and out of the alley.

"Pinetree,wait!"

I didn't look back,I just continued to walk back to the shack.

"That's awful,dipper",Mabel hugged me tightly. I have told her the events of what happened the other night. "Would it make you feel better if we went to the mall?",she looked at me with her big

cheerful eyes. "I don't know Mabel",I sighed and got up from my bed to stretch. "Please dipper!",she begged. I grinned,"I guess." She jumped up and squealed,"We are going to have so much fun!" She ran out of my room to get ready. I slipped in my jacket and checked my phone

I had 4 missed calls and 5 messages from Kill.

I decided to call him later when I wasn't mad for what he did. "Let's go dipper! I'm not getting any younger!" Mabel shouted from downstairs. "You got that right!",I shouted back. I heard her giggle,making me smile. I would do anything for Mabel even when she was annoying at times. I grabbed some money and headed downstairs.

~~~Time Skip~~~

We arrived at the mall but Mabel wouldn't let go of my hand. "Uh,Mabel? Where are we going",I asked,nervously as she led me to a small store. "I needed a couple of things",she grinned evilly,"Can you wait here for a couple of minutes? I promise I'll be back." I nodded and leaned against the shelf. She gave me a toothy smile and went walking out of the aisle.

"Hey,Can you help me find something?"

I turned to look at the person who spoke to me. I gasped.

"Dipper? Wow! It's been a long time buddy! How have you been?"

A/N CLIFFHANGER!!! Yeah,sorry guys but I kinda felt a little mean today. Don't worry,I might have another update today. I hope you enjoyed. ;D

Chapter 6

[image]

A/N I wasn't just gonna leave all you guys wondering! I am not that cruel. :) I feel good today so another chapter! Shout out to DecipherTheCipher!

Dipper POV

"T-tad?"

"I'm glad you still recognize me",tad smiled. "How can I forget you?",I joked. We continued to talk until Mabel came back. "Well,look at that! You met someone",she winked at me and I blushed. Tad saw and chuckled,"You know,you were so adorable when you blushed." My face felt hot. "Stop",I whined. He laughed and handed me a piece of paper,"Call me?"

"Of coarse!",I said excitedly. I realized what I said and coughed,"I mean,yeah sure I guess." He smiled and waved. I waved back and walked with Mabel. "He was your childhood and junior year friend,right?",she hugged me,"Oh,bro-bro! You found love!" I pushed her off playfully,"Come on Mabel. We are just friends."

"Friends",she quoted the 'friends' part with her fingers. I rolled my eyes and smiled. She never failed to cheer me up. "Can you help me find some knitting materials please?",Mabel pleaded. I nodded and we walked off to the knitting store. I waited patiently for her as she paid for her stuff. We did our shopping and left the mall. We decided to walk since it wasn't that far.

A black shining car pulled up next to us and the driver rolled down the window. "Do you need a ride?" It was Tad. "Uh-",before I could say no,Mabel was already jumping into the backseat. I opened the front passenger seat door and got in. I closed the door and buckled my seat belt. "Thanks tad",I gave him a small smile and he blushed slightly. He looked away,"No problem."

~~~A few minutes later~~~

"Thanks for the ride,tad",I got out of the car and helped Mabel out. "No prob,dipper",he smiled,then his face looked a bit nervous,"Um,I wanted to ask..maybe we can hang out later?" Mabel squealed,"Say yes dipper! Please!" I turned to look at her with disbelieve but then turned to tad's pleading eyes. I sighed,"Sure." Tad gave a breath of relief,"So I'll pick you up at 6?" I nodded and drove away.

"We need to get you ready! Lets go!", Mabel grabbed her bags and my hand. She pulled me inside the shack and into my room. "Oh my gosh! My brother is going on a date!",she looked over at my closet full of clothes. "Mabel,it's not a date",I caught all the clothes she was throwing back. "It is so a date",she pulled up a plaid shirt with a nice pair of black jeans,"These look nice. Put these on." I decided to stop arguing since I can never win an argument with Mabel. I learned that the hard way.

"Now let's do something with your hair",Mabel ran out to get some materials.

This was going to be a long day.

~~~Another time skip because I am still a lazy~~~

"You look amazing!",tad was dressed up nicely and was gazing at me as I walked down the stairs. "Please,I'm only wearing a plaid shirt with black jeans",I tried to reason but he continued to stare. I gave up and walked with him out the door. Mabel stood out on the porch,"Use safety!",she called out. I blushed and turned to look at her. She shrugged and went back inside. Tad opened the passenger door and held out a hand. I politely took it and got inside.

He closed the door behind me and got into the driver's seat. "I know the perfect place",he smiled.

~~~You guys already know -_- ~~~

"So you go here a lot?",I decided not to wait for tad to open the door for me and got out instead. Tad nodded and looked up at the sign,"Greasy's diner."

"The best place for pancakes! I remember kill brin-",I stopped talking. Kill brought me here on our date,or what I liked to call it a date. I sighed and Tad looked over at me worriedly,"Are you ok?" I quickly snapped out of it,"Yeah! Let's just go in." He nodded and opened the front door for me. I walked in and the smell of hot pancakes filled the air. I know it was late at night but it can never be too late for pancakes. We picked out a small table and talked. "So dipper?",he chuckled,"are we like..is this a,um,..date?" I froze. Damn it! I don't want to think of him that way! "I don't know. Is it?",I looked down,nervously. "It could be if you wanted."

"Look,tad. I just don't like you that way. I'm sorry",I tried to think of another thing to say but no words left my mouth. "It's ok",tad drank from his soda. I looked up surprised. "I just want your permission",he looked into my eyes very seriously. "For what?",I asked.

"For your love."

"I don't know."

"Just give me a chance and some time to win your heart",he begged. I was feeling a little uncomfortable. "Ok,i guess",I finally said. Tad smiled,"Thank you! You don't know how happy I am." Our number was called. "I'll be right back",tad got up and went to pick up the food. I waited patiently for him to come back.

"Dipper? I didn't know you would be here."

I turned around to face Kill. Crap,I thought. "I was just at your place to apologize but no one answered so I came here to eat some of Susan's delicious pancakes." He smiled making me feel those weird butterfly's in my stomach again. "So are you here alone?"

"He's with me."

I looked up to see tad with our food but he did not look so happy. "And who the hell are you?",kill said angrily but tried to keep his cool. "My name is Tad Strange",tad growled,"why are you here? and why are you talking to dipper?" Kill grinned evilly,"~Because I'm free to talk to anyone I want to."

"Oh yeah?"

"Of coarse,square!"

"What the hell does that mean!? My name is Tad!"

"Oops! Sorry,I forgot my mistake"

This was a mistake.

Chapter 7

[image]

A/N I know I have been gone for a while but I have been so busy with school :(. I'm sorry but I will do my best in finishing this story! I just want to give a small shoutout to *fangirl_gone_wild* for voting on this story. Now where were we? :)

Dipper POV

"Fight me!"

"Maybe I will!"

"Everyone just shut up!",I stood up from the table and slammed my fists down hard. Both Tad and Kill stared at me with surprise. "Look,I don't want any fighting from either of you. Kill?",I looked over at Kill,who hung his head in embarrassment. "Tad?",I raised an eyebrow. "Look,dipper-",I put up my hand,silencing him.

"Let's just go",I grabbed tad's hand and left the diner,leaving Kill behind. "Who was that?",Tad asked once we were in the car. "No one you need to know about",I snapped,"What the hell happened in there?" Tad started the car,"He started it!"

"You are not a child Tad!",I shouted. I groaned and and opened the car door,"Look, tad. I am glad that we got to hang out finally but I just need time for myself." Tad slowly nodded,"It's fine dipper. Maybe another time?"

"Sure,another time",he dropped me off at the shack and drove away. This was probably the worst date I have ever been on. Mabel is probably inside, waiting for me to tell her what happened.

"Pinetree?",I turned around. "Kill? What are you doing here?",I said coldly. I crossed my arms to show him that I was not happy with him being here. He seemed to get the message when he stepped

back. "Look,I just want to say that I'm sorry about what happened at the diner",he sighed,"I just didn't want to-"

"Kill,I forgive you",I uncrossed my arms,"But can you please not do that again when I'm on a date?" Kill frowned,"Wait? Date?" I took a step back. He was beginning to glow red. "I thought...How can you be dating someone? I thought we were dating?"

It was my turn to get mad,"How can you say that if you told me that kiss meant nothing!"

"What are you saying?",his eyes softened a bit,"that kiss meant the world to me,dipper."

I froze,tears already forming in my eyes,"Then why couldn't you tell me the other night?" Kill looked down at his feet,"I was too embarrassed. I'm sorry." We both stayed where we were for,what felt like an hour.

"KIll,I'm just gonna go to bed",I turned towards the door and felt arms wrap around my waist. "I am so sorry and I hope you can forgive me."

I turned to face him and we both stared longingly into each others eyes. "It's time I tell you the truth",he sighed. I waited for him to continue.

"Dipper...I was the one who killed that man the other night."

A/N Sorry everyone! It took forever to finish this chapter. It will take me longer to finish these chapters but I shall continue! No matter what it takes!

Chapter 8

[image]

A/N Hey! I'm sorry guys! It's been such a long time but I just have been so busy.-_- I will do my best in updating the story. Shout out to *caideu* for reading and voting on my story. ON with the story!

Dipper POV

"W-what?",I said nervously. Kill looked up from the ground,tears streaming from his eyes. It was weird to see him like this and a little sad. "I killed him",he sobbed,"I didn't want to but he kept pushing me! He knew my demon form would kill him and I tried to warn him! To stop him! He just wouldn't listen."

I froze. "Did you just say you were a demon?"

Kill immediately stopped crying and l looked me in the eyes with pure fear.

"You're a demon!",I cried out,"Oh my god!"

"Please don't be alarmed!",kill sniffled,"I won't hurt you." He sighed and started to turn away,"I'll just leave." I just couldn't believe it. I kissed a demon? He stopped and turned to look at me with a small grin,"Really,dipper? That's what you're upset about?" I gave him a confused look, "W-what are you talking about?"

"You just realized that I'm a demon and all you could think about was how you kissed one?",Kill pinched the bridge of his nose,"That's annoying." I blushed,"You c-can read my thoughts?" Kill nodded,"Yeah,I can read minds." Wasn't he crying a second ago? This guy sure is bipolar. "Hey! I am not bipolar!",he crossed his arms and pouted. I held back a small chuckle.

"Do you hate me?",kill suddenly said. I smiled,"No. No,I don't." Kill sighed a breath of relief. "You know? This explains a lot of things

about you." Kill and I were still a few feet apart but now he started getting slightly closer. "Like what?"

"Remember when you attacked me? Back on our 'hang out'?",I paused for a second,remembering the other night. The night I kissed him.

"Yeah. I remember. You ki-"

"Dipper!",a familiar voice came from behind. I forgot that we were still standing outside the Shack. "Mabel?",I turned around and saw her holding a bat. She looked over at Kill and gripped the bat tighter. "I was waiting for you to come back from your date when I heard voices coming from outside so I cam out here to investigate and found you with this stranger." Her voice was sharp and cold. I knew something was up.

"Who are you",Mabel glared at kill. "The names Kill Cipher",kill introduced himself and glared back at Mabel,"A friend of your brother." I noticed that his eyes were beginning to glow a little red. That was not a good sign.

"You! You are the one who broke my brothers heart!",she shouted angrily. She got down from the porch and marched up to kill with the bat. Kill stood his ground and continued to glare at Mabel. "You will pay for that."

"I would love to see you try",kill growled. His teeth were getting sharp. "You are not allowed to see or talk to my brother ever again! You hear?",Mabel shouted in his face,"Or you will have to deal with me."

Crap.

Chapter 9

[image]

A/N Hey! I know it's been a while but I'm back! I just want to thank you guys for staying with me and reading my story! I really appreciate that you guys read and vote for this story. I just want to give a quick shout out to a couple of people for voting on this story. Shout out to *Angel_Lyons* **,** *ElenaHolmes1* **,** *MsPringles* **,** *Barri_Martinez* **,and** *Katicorn_Hell!* ***Thank you guys so much! Now the story! :D***

Dipper POV

What did I do!

It happened so fast that I couldn't process it in time. Mabel lay on the ground with her bat in hand. She looked at me in pure horror. Kill was nowhere to be seen. What happened?

"Don't worry my little fighting tree. I'm still here."

I couldn't move my body or even speak. I was no longer in control of my body!

"That's right! You catch on really quick for a kid. I'm in control now. How about we have a little fun!"

I watched in horror as Kill came closer to my sister. "**So you think you can snap at me then get away easily? Well,I'm about to teach you a whole new lesson on that subject.**" My voice was not mine but Kill's. "Don't do it kill! Please don't hurt her!",I screamed inside. Kill ignored me and grabbed my sister's neck. "Hey! Let me go! Dipper!",Mabel kicked and tried to pry my hands loose. My grip tightened on her neck. She screamed in pain. I

suddenly felt something break inside. I was now in control of my body but I didn't let go of Mabel. She squirmed and kicked at me. "Dipper! Please,let go!",she cried. I angrily shook her,"**SHUT UP!**" I suddenly snapped back. I let go of Mabel and step back in fear.

Oh god! I was hurting Mabel! She gasped for air and coughed.

"Tsk. Well that's a shame."

"Get out of my body!",I screamed. Ugh. Why did it have to be a demon.

Hey! That's very offensive and no. I'm not leaving. I find you very interesting and useful.

"Dipper?",I turned around and saw a had fly towards my face. My cheek stung. I put my hand up and rubbed it. It surprisingly felt good. "Why did you do that? What the hell is wrong with you and why did your eyes suddenly change color?",Mabel gasped for air. "I-I don't know",I shrugged.

"I swear! I'm going to get you back for that",Mabel muttered and entered the Shack. Well,she recovered quickly.

"Mabel!",I followed behind her. "Dipper,you have problems! Don't talk to me!",Mabel turned around and glared at me. Her neck was still red from where I choked her. No. Kill choked her.
"Mabel,please. Let me explain",I pleaded. She sighed and headed up stairs,"Goodnight dipper."

Just great. Mabel was mad at me and it was all Kill's fault.

"Her fault for standing up to me."

I now had three huge problems. And their names are Kill,Tad and Mabel.

Dipper POV

~The next day~

"Hey dipper?",Kill looked over at an upset looking Dipper Pines. "What is it, kill?",I groaned and set down my journal. After the argument with Mabel, I locked myself up in my room. Kill suddenly appeared and has been trying to get me to sleep. I stayed up till morning. Now,I was writing in my journal at my desk and Kill lay on my bed. "Do you hate me?',kill continued to look over at dipper. I set down my pencil and turned to look at him. His face was serious and tired. I glared at him,still remembering the events that happened the other night. "At the moment,yes."

"Oh."

Oh? Is that all? I suddenly remembered what he told me the other night. I got up and reached for my pocket knife. "Dipper?",I turned around and gasped. He was standing over me now. What was he planning to do? "Y-you murdered t-that guy?",I backed up. He took a step forward. His eyes seemed to drift away. "Yeah. I know. But it wasn't me",kill pinned me against the wall,"It was my demon side." I tried to stay calm but inside I was scared.

Here I was. Being pinned against the wall by a demon. "K-kill?",I pushed him away a bit,"C-can you stop?" Kill's face was close to mine. He stopped and looked at my eyes. "I'm so sorry",kill pulled me into a tight hug. It surprised me but soon I was hugging back. I didn't want to let go and I felt like he didn't want to either. There

was a knock on the door,making Kill and I jump a bit. "W-who is it?",I called out. "It's me,your grunkle."

I sighed and looked over at kill. Man,he was hot. He smiled and kissed my forehead,"See you soon,my little fighting tree." I blushed. He snapped his finger and disappeared. "Come in",I sat down on my bed and watched as Grunkle Stan opened the door. He walked in and closed the door behind him. "Look,dipper. We need to talk."

Kill Cipher

I nearly killed Dipper's twin sister! I messed up so bad. I was still blushing from kissing him on the forehead. He was just so adorable that I couldn't resist. I flew out the window and headed towards town. I didn't care if people saw me flying around. They would end up dead anyways.

I glided down towards the forest. Who knows what I can find in there? I landed softly and walked down the old path. It was quiet. Too quiet. "What are you doing here?"

I turned around to see the guy that dipper was with the other night. "None of your business",I groaned and continued to walk away. "You know,you can't win his heart",tad smirked,"He is already mine." I stopped and clenched my fists. He's just trying to get to me. "People like you are disgusting",I growled and turned around. His smirk disappeared and turned into a frown. "People like you don't deserve someone like dipper." He glared at me,"So you are saying that demon's are disgusting beings and can't be with dipper?" I froze. He can't be a demon? Can he?

"Yes Kill Cipher. I am a demon",he started glowing purple. His clothes suddenly changed and now he was wearing a black and purple tuxedo. "Why do you want him?",I felt a strong energy coming from him. He smiled,"I need all the dipper's in order to finish the cruxifa." What the hell was that? What did he mean by 'all the dipper's'?

"You wouldn't understand now but later on you will",he grinned and pulled out a long cane,"Of coarse,I can't have you cipher's get in my way!" I dodged the purple blazing ball of fire that he threw at me.

What was this guy talking about? Was he planning to hurt dipper?

The sun started going down as I continued to run back to the shack. Tad has been chasing me for a while but I think I lost him a while back. "Kill? Hey! There you are!" Dipper was on the porch with a huge grin on his face. I can't let Tad take him away. I ran up to him and hugged him. "Whoa! What was that for?",he pulled away and smiled. "It was nothing",I smiled back,resisting the urge to kiss him.

What is Tad planning?

A/N Hey everyone! So I want to say that the Gravity Falls stories I'm writing are basically connected to one another! Just want to drop that hint out in case anyone gets confused! If you have any questions feel free to ask!

Chapter 11

[image]

Tad POV
"It's almost time to gather all the dippers", I smirked as I saw Kill running back to the Shack. All the ciphers are the same. They want to protect their dippers but what they don't know is that I'm trying to seperate them. Each dimension has a Dipper and a Cipher. Of coarse the originals are the last part of the cruxifa. My alarm rang. Time to visit another dimension. I snapped my fingers and teleported to the dimension where the sea is tough and the sea men are tougher.

Chapter 12

Dipper POV

"Fuck! Kill that hurts! Just pull it out!"

"Maybe if you hold still it won't hurt as much! Besides you wanted to do this."

"I know! I thought I was ready."

"Well. It has to be quick. Hold on this is going to hurt."

"Just freaking pull it!",I cried out. Kill ripped off the band aid fast and painfully. I yelped and rubbed my elbow. "Why do you have to be such a crybaby dipper?",kill threw away the band aid and watched as I got up from the kitchen chair. "Hey! Don't call me a baby!",I pouted playfully and kill chuckled.

It has been a week and Kill has been staying over with us. He wouldn't say why so I stopped asking and instead went monster hunting with him. We just got back and I decided to rip out a 1 week old band aid. Of course, I was to scared to do it myself so he volunteered to help me get rid of it. I looked over at the old scar. It looked like I got caught into a fight.

"Don't get any ideas",kill walked over to me and playfully punched my arm.

"What!? But it's been a while and I feel up to it",I punched the air and pretended like I was fighting someone. I suddenly felt a strong force hit me below the stomach and I fell to the ground. "W-what was that?",I held a hand over where the person hit me.

"You are not getting into more fight. Right,dipper?", a familiar raspy voice growled. I looked up at grunkle Stan and glared at him,"So what if I am? Who are you to stop me?" I saw Kill's face come up in alarm. He looked over at grunkle Stan then at me with a worried

expression.

"I'll show you how I will stop you."

~A few hours later~

"Stop! No! Please! I promise I won"t fight again! Please just stop!",I cried out in fear. Grunkle Stan had my journal on his left hand and a lit match on his right.

Kill was standing behind grunkle Stan and snickering. I glared at him and he turned the other way,smiling. "Promise me you won't go and fight?",grunkle Stan growled. I put my hands behind my back. "Promise",I grinned.

Grunkle Stan glared at me and returned my journal. I uncrossed my fingers and grabbed the journal. Grunkle Stan grunted and left the room.

"You should listen to your grunkle", kill crossed his arms and leaned against the sofa. I rolled my eyes,"Since when do I listen to my grunkle?"

Kill shook his head and walked out of the room. I clutched my journal tighter and walked up the stairs to my room.

I put down my journal and sighed.

"Hey."

I jumped and turned around. Mabel stood by the door. Her face showing no expression. We haven't talked since that day kill and I attacked her.

"Hey",I responded. "So? How are you?",she entered the room slowly and sat down on my bed. "Good. It's been good. How about you?",I said awkwardly. Why is it so hard to talk with Mabel.

"Look, about the day you attacked me"Mabel sighed,"why did you do it?"

Her eyes were filled with sadness and betrayal. I started to feel a

little bad.

"I don't know if you will believe me",I rubbed the back of my neck nervously. I leaned against my desk and watched as she looked down at her lap.

"Just tell me and I will say if I believe you",she whispered loud enough so I can hear her. An awkward silence filled the air.

I took a deep breath and said,"Kill is a demon that can now posses me and when he does I can't do anything about it but try and maintain control. He wanted to hurt you with my body but I fought against. I don't know what he is planning to do but I will do my best in keeping him away from you if you want",I closed my eyes in hopes that Mabel will still be there when I open them,"I won't let him hurt you again."

I opened my eyes and waited. Mabel's face stayed expressionless and for a long time did nothing. Then, she got up and left the room with no explanation.

Chapter 13

[image]

Dipper POV
She walked away! I couldn't believe it. I sat down on the bed and sobbed. She didn't believe me. I suddenly felt stupid for telling her this information. I felt as if I needed her. I suddenly felt a light weight on my shoulder. I looked up and saw Mabel with a warm smile. I stood up quickly and hugged her. She hesitated a bit but then hugged back.

"Dipper, I believe you."

I smiled. "Thank you."

She turned and left. I sighed and looked over at my drawer. I opened it and pulled out a bottle of beer. It wouldn't hurt to drink a bit. I chugged it down and reached for another. This was going to be a long night.

Kill POV

What could be taking pinetree so long? I teleported myself outside is room and knocked. "Hey pinetree> Are you in there?" Silence. The door opened and a very angry looking shooting star stood in front of me. She got up close to my face and scowled,"If you hurt my brother YOUR DEAD!" I felt a bit of anger inside as she pushed me aside to leave. I sighed and entered pinetree's room.

"Kill? What are you doing in here?",he gasped. I chuckled."What? I can't be in here?" He blushed and looked down. He's so adorable. I looked towards what he was looking at. It was my turn to blush. He was in the middle of taking off his boxers and I have caught him halfway down. His length was surprisingly big. It took every cell in my body to turn around. "I-I'm sorry! I-I'll leave!"

I was suddenly grabbed by the arm and pulled back. I yelped and fell back onto pinetree. His nose and mine almost touching. "~Why

don't you stay a little longer~", he smirked seductively. I felt my face getting hot. What the hell?! I should be the one pulling the moves. Not him! My heart pounded as he leaned in closer. Our lips almost touching. Almost. I suddenly felt a warm and soft comfort as his lips crashed into mine. His mouth tasted a bit like..beer?

He pulled away making me whimper. He cupped my face and looked me in the eyes. "You...are sooo.....beautiful...",he slurred. I yelped when he suddenly collapsed.

"Dipper!"

A/N: Sorry! It has been so long and I kinda went into a writer's block for a while. I should have warned everyone, sorry. And I also apologize that it's so short. I'm currently working on other chapters. I'm actually close to ending it after.....who am I kidding! It's gonna take a long time till I finish this story! I'm also planning on writing a shout out chapter since people have been voting on this story and I want to make sure they are recognized. Don't worry you are not forgotten! Your comments also help a lot thanks! Alright! See you in the next chapter!

P.S: I wanna know if you guys want me to release the Halloween special. I know I know! All late but it was taking a long time for me to finish it. So just comment down a simple yes or no. please and thank you.

HALLOWEEN SPECIAL!! Part 1

[image]

Note: I CURRENTLY UPDATED THIS CHAPTER AND SAID THIS WASNT PART OF THE STORY. IM SORRY FOR NOTING THAT. OK, READ ON! P.S THIS IS NOT MY ART BUT I WROTE THIS INSPIRED BY THIS ARTIST! (I'm sorry but I don't know the artist name but I give them full credit for this!)

Dipper POV

knock knock

"Hey, dip dot! Someones at the door!",Mabel shouted from the living room. "Why can't you get it!",I shouted from the kitchen. Halloween is today and grunkle stan isn't allowing us to go trick or treating. He thinks we're too old so he's making us get rid of the kids who came for candy.

"Because I just got comfortable and I don't want to get up. Now GO ANSWER THE DOOR!"

I rolled my eyes and walked towards the front door, making sure to slowly walk past the tv so I can piss off Mabel. It worked. She glared at me and threw a piece of popcorn at my face. I smiled and hurried over to the door.

knock knock knock knock

'Wow, kids these days' I groaned and opened the door. *"*Yeah, Yeah! Whos there?",I grumbled. There was no one at the door. I poked my head out and looked around.

"Trick...or TREAT!"

A werewolf hung upside down from the porch and barred his teeth. I stayed silent, too stunned to do anything. There was an awkward

silence. "Your face looks stupid."

I suddenly felt a strong urge of anger. Kill shows up I a werewolf costume, startles me, then calls my face stupid. "WHO WOULDNT FREAK OUT? WANT ME TO PUNCH YOU!",I lost it. He just makes me so angry. "Geez, don't you have a sense of humor?", kill grumbled and got down from the porch roof.

"Yeah whatever", I muttered and rubbed my arm. We stood in silence for a while again.

"So?",kill grinned. I gave him a confused look,"What?"

'Trick or treat?",he wagged his tail and held out his hands. I raised an eyebrow, "Aren't you a little old to play Trick or Treat?" He smirked, "You gotta enjoy life before you get old, you know~"

I chuckled but quickly hid it with an annoyed face, "Well bad news for you..we don't have candy", I opened the front door,"Go to another house." I felt get Kill get closer and touch my arm softly. It sent shivers all over my body.

"I didn't say I want candy~"

Mabel POV

"Girl, WHY YOU ACTING SO CRAY-CRAY!"

Grunkle Stan and I burst out laughing. Man, I loved this. Watching television with grunkle stan on Halloween night. What could ruin this moment?

"IN YOUR DREAMS YOU FREAKIN CORNCHIP!!"

DIpper?

I looked over at grunkle stan who wasn't paying any attention to dipper and instead on the tv.

"C'mon! Just one! please?"

"NO! You can't make me!"

"Please! I won't ask for another."

"Nope! Not happening again!"

"Pinetree?"

"You cant make me!"

Grunkle Stan groaned,"It's like having a married couple in the house." I nodded and waited to hear the door slam. I'm guessing kill was at the front since he is the only one who can make dipper raise his voice to that point. I didn't hear the door slam or angry footsteps storm up the stairs.

In fact, it got quiet. Too quiet. "Mabel, go check on your brother. I don't want to have to call the police because of a child murder",grunkle stan grumbled and took a sip of his beer. I rolled my eyes," Alright." I got up and walked towards the door. "Hey dipper are you dead.....", I froze,"..yet."

Kill and dipper were at the front door.....kissing.

Dipper POV

One minute I was shouting at kill for being childish. The next minute he has me melting into a warm and loving kiss. It sent pleasurable shivers down my spine. I felt as if I could fly any minute now. We pulled away and I gasped for air. It suddenly hit me.

Kill kissed me! He just kissed me! But he doesn't even like me! Anger filled me and I covered my lips. I suddenly felt so many emotions.

I lifted up my fist and struck kill on the jaw. I turned and ran into the woods, not caring if kill followed me or even to check if he was ok. I just ran. Ran away from my emotions. From Kill. From love.

A/N Don't worry! I will have a part 2. I just want to thank everyone and welcome everyone who is new. I am now on Thanksgiving break so I can write a little more. I'm sorry I was so late on the special. I had a few school problems and personal problems that have conflicted me. I'm better now! SO

expect part 2 tonight or probably tomorrow morning! I love you all!

Halloween Special!! Part 2

[image]

Kill POV

I was stunned.

I grabbed my jaw and groaned from the pain. "You really punched hard", I grumbled and looked up. Before he took off, I caught a look at his face. His eyes were filled with sadness and he covered his mouth, possibly embarrassed. He ran towards the woods and the urges to follow were strong. "Wait-", but it was too late. He was gone.

He ran away. Was he crying? "Hey!",a female voice growled. "Huh?",I turned around but was grabbed by a very angry looking pines twin.

"Listen up, you stupid talking chip", she glared at me, "My brother isn't some toy for you to play with!" A toy? "I never thought about it that way!",I said confused. What does she mean by a toy?

My confusion was replaced by ager. "Look, I don't know whats going on but I really do like him-"

"I don't need to hear this", she sighed, "He does. Now go tell him." I grinned,"You're smarter than I expected shooting the star. Thank you." She smiled back,"And you're stupider than I thought. Your welcome." I turned around and took off running after pinetree. "Idiots..", I heard her chuckle. I smiled at this. I guess we were idiots but that's what I love about us.

Dipper POV

I took a deep breath and sat down near the pond. Things were getting confusing and frustrating. Does he really have to mess around with my feelings like that? Why is he such a.... demon? I

groaned and pulled my knees to my chest. "Stupid dorito.."

"Yeah, my bad", kill sat down next to me. I jumped up in surprise. Did he follow me here!? "Easy there", he said calmly. Almost as if he was being extra careful with me. "Sorry about earlier. I shouldn't tease you like that." He rubbed the back of his neck and held a very worried expression on his face.

I rolled my eyes and frowned,"Cant you just leave me alone? I know you don't like me but do you really have to make fun of m again and again?" Kill's expression turned from worry to surprise. "Wait a second! Did you really think I would kiss a guy I don't like?",he said. I took a minute to think about it. "Now whos the knucklehead here..",He groaned," Mabel was right. You are an idiot." I glared at him, "Excuse me?"

"Look I wasn't to make fun of you pine-", he hesitated,"-dipper." He reached out his hand and caressed my cheek. My heart started beating fast. Why did he make me feel this way?

"I kissed you", his eyes held truth and love,"Because I'm in love with you."

I looked up at him with warmth. Did he just say-? I blushed. My face felt really hot with embarrassment. Kill chuckled,"So what do you say?" He smirked at me,"Want another kiss? You seemed to enjoy it too!"

"Don't get greedy", I muttered, my face still burning. "I'll take that as a yes!",before I could do anything, Kill's lips were connecting to mine. This time it was filled with love and passion.

"This was so worth it", kill pulled away and kissed my nose. I was a blushing mess by now. And kill didn't seem to mind. "I lo-",I was cut off by clapping.

"Beautiful! Best award-winning movie of the year!",Mabel came out from behind the tree holding a camera. Grunkle Stan was clapping and laughing. "Hey, Mabel! Send me the clip, yeah?",Kill grinned wildly as he held my hand. "Don't encourage her", I squeezed his hand. He chuckled and kissed my cheek. I looked away blushing.

Tad POV

I returned from the land of pirates and sirens only to see the demon and dipper together. Damn it! Why couldn't I have gotten here sooner! They always find a way to save their little pinetrees. I morphed into a wolf and prowled behind the couple. They won't be together for long.

It would be a darn shame if one...of..them.....were to die. I grinned and rn off to find the clan. They have been waiting for an opportunity to kill. HAHAHAHA!!!

A/N: Christmas!!

[image]

Hey guys! I hoped you all loved the Halloween special. It took a while for me to write it, sorry for that. just wanted to give everyone a heads up on the Christmas chapters which I will be writing. So starting December, I will upload a chapter every day and I'm calling it, 25 DAYS OF CHRISTMAS!! So get excited about it and I hope everyone had a good Thanksgiving.

I really appreciate the comments and votes too. And I have not forgotten the people who have voted for this story. I love you all! Thank you!

Day 1: Chapter 14

[image]

"Prepare to die", Tad aimed the gun at my chest. I closed my eyes and took a deep breath. There was a click.....then the sound of a gun going off. "No!"

~-~-~-

noise and the leaves of the trees grew silent. There were a bone-chilling howl and the sound of snarls.

"Werewolves", Kill growled. My body froze in fear. Werewolves?! I reached in for my journal and groaned. My journal wasn't in my sweater pocket..i..t was at home. I heard Kill click his tongue in annoyance. I rolled my eyes at him.

"Well, well, well! If it isn't Kill Cipher and his little toy."

I recognized that voice. A strange feeling swirled inside me. Fear? No. Betrayal and Anger? I think that's it. I looked up to see Tad Strange with two strong looking wolves beside him. one larger than the other. The largest was all black and had golden glowing eyes. The smallest was white and had purple glowing eyes.

"What do you want Tad", Kill said in a strong tone. He kept a serious and calm looking expression.

Tad smirked,"I want my special key."

Silence.

I snickered making Tad frown. I looked up at Kill who still held his serious expression. "Kill its such a simple request. Just give him back his key", I tried to hold in a laugh but ended up losing. Kill glared at me, clearly looking annoyed. "Idiot,you're the key."

I stopped laughing,"W-what?" I almost turned myself in. Kill's right. I am an idiot.

"Enough with this! Get them!",Tad pointed at us and the black wolf lunged forward at us. Teeth bared and vicious eyes on us. Kill pushed me aside and fell with the wolf on top of him. "Kill!",I cried out. I got up and started running to him only to have a white wolf pin me down. "Aah", I screamed. It let out a low growl, warning me to stay down. "Get off me! Kill!",I looked over at him.

He punched the black wolf on its snout making it back away. I heard Tad's laughter and finally saw a flash of purple light before blacking out.

Kill POV

I blinked as the light disappeared. "Take him away!",I heard Tad shout. "No!",I screamed and tried to get up. The wolf I punched snarled and bit my leg. I cried out in pain and tried to pry it off. I looked up and saw the white wolf carry off pine tree. I wanted to run. Run and get him back.

I looked down at the wolf and hit it in between the eyes but it wouldn't budge. There was the sound of snapping twigs.

"STOP!"

Day 2: Chapter 15

[image]

Kill POV

"Stop!"

We looked over and saw a guy who looked as if he went through a pack of wolves himself. He was wearing a torn black t-shirt and dirty jeans. His hair was all messed up and his face was scratched and bloody. There was only one thing that caught my eye. His eyes.

They looked as if they could be filled with joy and happiness. Even in the state, he was in. But I have to say, my pinetree's eyes can beat him any day. The wolf that was trying to rip my leg off let go and looked over at the boy. He transformed into his human form and ran to him, embracing him.

"Lucas! Oh my god! I'm so glad you're ok!",he cried out with joy. His feelings for the boy were showing. I smiled as I felt this and thought over the same feeling with pinetree. Pinetree! I looked over at Tad and saw the annoyance in his eyes. "Damn it! I knew I should have killed him instead of hiding him!"

"John, he was the one who attacked me not the other guy", the boy, Lucas, narrowed his eyes at Tad. The wolf, John, growled and let go of his partner. He howled and in came the white wolf who turned back into a human. "Alpha! I brought the boy", he let go of pinetree and stood beside John.

"Beta, he was the one who took my mate", John growled in anger. I picked up pinetree. He was unconscious but okay. I looked up at Tad who had an evil smirk. "So I was going to kill your mate and take dipper" he reached out his hand and out came his cane,"what's the problem with that?"

"I'll KILL you", John and I screamed at him. John turned into a wolf

and lunged for Tad but he quickly teleported away. I carried Pinetree away from the werewolves so they could have their alone time. Meanwhile, I have to think of a plan to get rid of Tad once and for all. But what? All demons have a weakness.

I ran all the way back to the shack and burst through the door. "We have to help him", I put Pinetree down and watched his slow breathing. "I have the first aid", Mabel came and set down a small box. Stanley stood aside as with a phone in hand. He seemed to b talking to someone on the other line.

"Dipper! No! Stay with me!",Mabel cried making me turn rapidly. Mabel was pumping her hands on his chest. "No! PINETREE!"

Dipper wasn't breathing.

Day 3: Chapter 16

[image]

Dipper POV

Cold.

Dark.

Alone.

Those three words seemed to keep coming up in my head. It was as if someone was trying to make me lose myself. And it seemed to be working.

"....ipper.....Dip..."

What was that? I looked around only to see the familiar black. "Hello there", I turned to see a man with a purple suit and black cane floating above the black ground. "W-who are you? Where a-am I?", I stuttered. Why did he look so familiar? The Bigger question is....What's my name?

"Your name is Dipper Mason Pines and I am your conscience", the man smirked. I looked at him dazed. Conscience? My conscience was a man dressed in a purple suit?

"Don't question it dipper. We are old friends", he frowned,"But not all people are kind like me." He snapped his fingers and a portal-like mirror appeared. He pointed at the mirror,"These people are evil, dipper. They are trying to get rid of me." I looked over to see a girl and a man looking in the mirror.

Their expressions seemed worried.Who were they? And why are they trying to get rid of my conscience? "Dipper! Please wake up!",the man with red hair cried. Something deep inside me felt hurt and upset that he was crying. Almost as if it isn't right.

"He tried to kill you", the man sighed,"He tried to kill us."

Us?

"That's right dipper. I'm your boyfriend and you love me. He loves you too but he is filled with jealousy for us", the man came closer and my body felt as if it was in danger. It sent red signals all over. Was this man really my lover?

"I'm going to be here with you always dipper. And I want you to do me a favor", he held me close to him in a loving manner.

"Look, I don't know who you are and I don't know why I am here", I pushed him away but slightly missing that soft comfort," but what I want to know is the truth." He looked at me surprised but then his eyes softened. "Okay, I will tell you the truth but promise me you will do me this favor."

I quickly nodded and for a minute I thought I saw his eyes glow. He smirked and took out his hand.

"It' a deal!"

Day 4: Chapter 17

[image]

Mabel POV

He isn't breathing!

I pumped his chest and cried. My twin and best friend is dying! "Pinetree!",Kill held his face close to his. Tears streamed down his face.

"Pinetree! Wake up please! Don't leave me! Not now!",he cried. I watched and felt a bit of pity and sadness for him. I recently found out that he was a demon. I researched and found out that demons can only find love once.

He cried and cupped my brothers face. "Dipper!",he put his head down on his chest and sobbed. The air filled up with sadness and anger. I backed up from the room and sobbed, covering my face in grunkle stans suit. He put his hand on my head in a comforting matter.

Whoever did this...I will find them and murder them! I will get revenge!

Kill POV

Misery and depression began to hit me after pinetree's death. The doctors have declared him dead. So why do I still feel his presence? I should be slowly dying from grief but I still feel my power and energy. It's been a week and they still haven't moved him.I wouldn't let them.

I watched Pinetree closely and waited. His beautiful face was pale and his lips still a rich pink. They looked so kissable. I found myself leaning in and soon enough my lips were connected to his.

His lips were cold and still. No feelings erupted and I kissed him

harder. Hoping for him to open those beautiful chocolate eyes. I pulled away and looked at him. Nothing. He didn't move an inch. I sighed and sat back down next to him.

"Kill. It's time we take him", Stanley walked into the room with eyes filled with pity. I clenched my jaw. "I'm not leaving him", I growled. He rolled his eyes,"We all feel upset Kill. You're not the only one." My eyes glowed red when he took a step forward.

He glared at me and took a step back. My eyes went back to normal and I laid my head on my pinetrees chest. I heard Stanley sigh and walk away from the room.

"I'll never leave you pine tree."

Day 5: Chapter 18

[image]

Dipper POV

"Are you ready dipper?", I stood in front of my partner. I nodded and cupped his cheeks. His face close to mine. "Promise you will come after I arrive. I don't want to be alone", I looked down at his lips and he smiled. "I could never leave you alone", he gave me a small peck on the lips, making me blush.

The red alarms that were there, in the beginning, have disappeared. Tad has explained everything to me and I now understood. "I'll be waiting", I winked at him as he grinned. There was a sudden bright light.

I groaned as I opened my eyes. "Dipper!? DIPPER!!!",two strong arms wrapped around me tightly. I coughed and tried to get my eyes to focus. Where's Tad? He said he'd be here.

l looked over at the man who was hugging me. "Dipper! You're alive!"

I suddenly realized who he was and clenched my jaw. "Good to see you too cipher", I muttered. His face fell and a look of hurt replaced his smile. I suddenly felt guilt at what I said but I didn't show it.

"What's wrong kill! I heard you shout-", the girl who Tad called, Mabel, came into the room. She dropped the plate of food she was carrying. Her eyes widened in shock. I suddenly didn't want to be in this room with these people. Tad warned me of the things they could do and the horrible things they did.

"DIPPER!",she rushed to me and envelope me in a hug. I felt slightly disgusted as to how she can still hug me after what she did. I pushed her off but she wouldn't take the hint.

"You're alive! ", she smiled with joy. I rolled my eyes and tried to

get back on my feet. "Dipper, I don't think you should walk right now", Kill laid me down again. I glared daggers at him.

Who does he think he is!? Telling me what to do! "I'm fine", I got up again and stood on my feet. Surprisingly, it didn't hurt or feel bad at all.

And also, where's tad? "Pine tree!", I heard the nickname Kill has gave me. I turned around fast, "Don't call me that! " Kill stopped in his tracks and froze.

His expression hurt meanwhile I had no expression at all. I turned around and went out the door.

Stupid demon.

"Dipper!", I turned around and smiled. "Tad! I'm so glad you're here!" I embraced Tad and he hugged me back. I looked up and gave him a peck on the lips. "I missed you. "

A/N Okay. So I know everyone hates me now and I'm sorry! This was the idea of the story but I promise it gets..... Yeah it gets worse but don't worry! It will (eventually -_-) get better! Enjoy the holidays! :)

Day 6: Chapter 19

[image]

Kill POV

I felt my heart drop as dipper left the room. How can he treat me this way!? Anger took over my body as I followed pinetree. "Tad!",I heard him shout. I suddenly stopped and peeked around the corner. He was hugging my pinetree. It was pinetree's next movement that caught me off guard. He gave Tad a peck on the lips,"I missed you."

Anger and sadness overwhelmed me. I stood there, staring at them as they walked into the woods together. How could he do this to me? Didn't he say that he like me back?

I felt something wet coming from my eyes. I touched them with my fingers and realized they were tears. Real tears.

But demons don't cry! Right?

"I'm so sorry", Mabel put her hand on my shoulder for comfort. I turned around and embraced her making her yelp in surprise. I started to cry. My heart was hurting so terribly and I was confused as to why.

Its because I love him and he doesn't love me back.

Tad POV

I held dipper in my arms as he giggled and laughed at the jokes I would tell him. All was left was for me to take him into another dimension.

It would be easier if I did now but he seemed to be still attached to Kill.

".....and then he tried to keep me on the couch but I didn't listen to him. "

"Hey, dipper?", I said once he was done. "Yes?", he looked up at me with those deer eyes. They reminded me of a special deer in another dimension.

"Do you want to go out on a date?", I smiled warmly at him. I'm not gonna lie, all the dipper's I have met have always been nice and cute.

No wonder they are great for the project. "I would love too! ", he giggled and hugged me tightly. The plan is going great. Its just a matter of time until we disappear.

"Tonight at 6?", I let go of him and he held my hand. "Don't keep me waiting", he winked and walked back to the shack.

"Why", a voice echoed through the woods. I took a step back and listened. "Why did you take him?",I turned around to see kill leaning against a tree. His eyes glowed red and his face wore a sad and tired expression.

"Kill Cipher! What a surprise", I took another step back making his eyes narrow. "Answer my question", he said calmly. "I have already told you why I need him", I rolled my eyes.

"What did you do to him?",he asked again. I huffed in annoyance,"You ask too many questions."

He growled and charged at me. I could feel his energy coming from him. I snapped my fingers and teleported.

That was a close one.

Kill POV

That bastard!

I felt the blood inside boil. He teleported away! Coward! I turned around and punched the closest thing which was a tree. "Damn it!",I screamed and started crying. I had him. I had him in my arms and now he's gone. What did Tad do?

Dipper wouldn't just leave me....would he? No! He couldn't. It's not

like him. I stopped crying and looked up at the moon. I was suddenly reminded of my two brothers.

I miss them. Wait a minute! I snapped my fingers and a watch appeared onto my hands. I checked the time and smile. "Tad has a date with m pinetree? Well, he's not the only one winning pinetree's heart."

I got up and ran back to the shack. Tonight was going to be interesting but in order for this to work, I'm gonna need a little help.

Day 7: Chapter 20

[image]

Dipper POV

"Movies and popcorn?", I raised an eyebrow at tad. He smiled as he purchased the two tickets. "So what are we gonna watch? ", I looked at the movie choices.

My eyes widened in excitement. The new avengers movie came out today. I prayed that the movie we were watching was the new movie.

I was caught off guard when I suddenly felt a strong pain in my head. I closed my eyes and clenched my teeth.

"Dipper", I heard my name being called but I couldn't seem to reach it. Memories returned as I groaned in pain.

~flashbacks~
= = = =

It was him. He was there all along. But then who was Tad? I got up from the the ground and looked up. All eyes were on me and kill's face was staring at mine. Tears filled my eyes.

Soon enough, I was running. Again. Everything I loved and hated.

I reached the shack and ran to my room. No one was home. 'Good news for me', I thought as I pulled out my secret stash of beer.

Tonight was the night I forget completely.

Day 8: Chapter 21

[image]

WARNING
There might be some sexy stuff happening in this chapter! Just a Christmas present from the author to the readers. This is my first time writing something like this so forgive me if it bad. Enjoy! ;)
(P.S. I will say when it happens)

Kill POV

"Pinetree!", I was spying on pinetree when he collapsed onto the theater's floor. All eyes were on him as lay there, trembling. I rushed over to him and pushed Tad aside. I knelt down and tried to calm him down. He opened his eyes and looked at me. His eyes filled u with tears. He shoved me away and ran.

I didn't go after him. Instead, I got up and turned towards Tad. I grabbed him by the collar and pinned him against the wall. People let out a few gasps but I ignored them. What did you do!",I growled. He rolled his eyes,"His memories have returned. He will remember everything but that won't be the last time he gets away."

And with that, he snapped his fingers and disappeared again.

I'm gonna choke the geezer. People around me were giving me strange looks and security started taking notice. I snapped my fingers and teleported to my favorite pond. I sat there for a while wondering what to do. I sighed as I thought of pinetree and how he must be scared. I got up and headed towards the Shack. "At least I'll have him back", I murmured as I entered the Shack. Hm? There's no one home.

That's a first. I heard a sudden crash upstairs coming from Pinetree's room. I crouched and quietly went upstairs. Pinetree's room was open and the lights seemed to be on. I sighed and straightened up. I pushed open the door. I froze at the shocking scene in front of me.

"Dipper?",I took a step forward into the room. pinetree was sitting on his bed with a packet of beer beside his bed. In his hand was an open bottle and across his room was a pile of broken glass.
That's probably where the crash came from.

He looked towards my direction. His expression was confusion at first but then it changed into a quick relief. "H-hey! I thought you were Mabel", he slurred. I groaned and rolled my eyes. He was drunk. AGAIN! Memories of the last episode invaded my head.

That was annoying. "Dipper, why are you drinking. You know your not supposed to be doing hat", I grabbed the bottle from his hand and he growled. I took a step back in surprise. "Don't tell me what's good for me!",he mumbled.

I shook my head and turned to leave but felt myself being pulled back.Not again! He got up, dropping and spilling the beer on the floor. "Where are you going~", he purred next t my ear. "Dipper,you're drunk", I reminded him. He giggled and kissed my jawline softly. I hummed and turned to face him.

AND IT BEGINS!

I wrapped my arms around his neck and sucked on it. He moaned as I kissed his neck. I found the spot I was looking for and licked it teasingly. "K-kill", he moaned. I suddenly couldn't stop myself. I pushed him on the bed carefully. I turned and turned off the lights. I could hear pinetree giggle softly as I rushed back to him.

He pulled me to him and put his lips near my ear. "I want you", he said it so perfectly that I almost forgot the fact that he was drunk.

He's drunk kill! Don't take advantage of him!

His lips suddenly connected with mine. I kissed back and my thoughts were completely lost. There was a small taste of alcohol but altogether the kiss was amazing. I pulled away and he did too. We looked into each other's eyes and I could see the lust in those gorgeous brown orbs.

I leaned in, slowly kissing his lips. I caressed his shoulder and

brushed my hands through his soft hair. He moaned and I smiled. I pulled away and started kissing his neck again. He shivered every time I touched his neck to my lips. "K-kill", he groaned as I teased him. I chuckled as I lifted my hand and slowly lifted his flannel shirt and ran up his chest.

"K-kill, please", he moaned. I felt myself harden. I pulled off his flannel and started planting kisses down his chest until I reached his v-line. I stopped and looked up at him for consent. He nodded. I started pulling down his pants. I bit my bottom lip as I got near his bulge.

The lights suddenly came on and I jumped. "What are you two doing?",a voice asked, clearly annoyed and angry.

Y'all thought! Hey! At least it's something! As promised! ;)

I froze and I felt pinetree giggle. "Hey, Mabel! Want to join us?",he giggled. I chuckled and looked over my shoulder. Mabel stood at the door and boy, did she look pissed. "You! OUT!",she pointed at me. "No! We were just having fun!", Pinetree whined. I smiled and kissed him on the lips.

"Another time", I whispered loud enough for only him to hear. I got up from the bed and stood in front of the angry female pines twin. She shook her head and narrowed her eyes.

"You have a lot of nerve, demon!",she growled. I smirked,"Please! Save me the stupidity." She scoffed and I walked downstairs and out the door. I walked down the path that led to the pond in the woods. That was fun. I just wish that shooting star could have stayed away from a couple of hours. Another day.

A/N: ACCIDENT!

[image]

I am so sorry everyone! I have no idea what happened with this chapter. The story was written and I updated the story. I was getting confusing comments so I checked it out once I got home from my computer.

I was checking on my phone and the story is right there but once I checked the computer it was gone and short. I am sorry for the confusion and I promise I will fix it! The chapters will continue and I will rewrite the story for you guys! Sorry again. :(

Day 9: Chapter 22

[image]

A/N Sorry! I didn't update yesterday because Iw as away for a while and couldn't update. I came back home really tired and went straight to bed. I'm sorry! But I will be having a double update since I missed yesterday. Okay, that's all for now. Enjoy! :)

Mabel POV

I rolled my eyes as Kill left the shack. "Mabel! Why did you do that?",Dipper whined. I noticed the empty bottles of beer on the floor. "Dipper! Were you drinking!?",I was pissed. How can he do this? I told him to stop drinking and he promised he wouldn't do it again!

Dipper stopped smiling, a look of guilt replacing his smile. "I-I'm sorry", he whispered under his breath. He started shaking and I could hear him silently sobbing. The anger I was feeling left and now I was feeling sorry for him.

I sighed and went over to him. He was hiding his face in his hands but I could still see that the tears streaming down from his eyes. I hugged him and rubbed his back soothingly as he cried.

"I-i"m so sorry Mabel", he cried,"I-I just wanted to forget e-everything that was happening."

"It's ok dipper. Just breath for now and we can talk about it when you get better",I gently pulled his hands away from his face and smiled. "Get some rest", I laid him down and got up from the bed. "Goodnight Mabel", he sighed. I leaned down and kissed his forehead. He smiled and closed his eyes. It wasn't long before I heard his soft snoring indicating he was sleeping.

I smiled and walked out his door. I grabbed the doorknob and looked at him one last time. "Goodnight dipper", I whispered and closed the door.

Dipper POV

"RUN!"

"No! Stop! We have to stay here! Don't run!",I screamed but it was too late. The fire has begun. The skies blood red from the hot ash and the area jot from the fires. Everyone started burning alive and I watched in horror as hey screamed and cried for help.

"Pinetree!",I turned around to see Kill running towards me. Two others were following close behind. They all looked similar. "Kill? But how?",I felt tears well up. I couldn't see him. Not now. "Let's go", someone pulled my arm and I looked over at them. I couldn't see their face very clearly. I could only see that he was wearing a cape. I coughed as the smoke started to fill my lungs.

"You can't run from the cruxifa!",a familiar voice exclaimed. I looked up to see Tad Strange and alongside him.....me?

"Pinetree!",I heard my nickname but when I turned around I noticed it wasn't killing who screamed. "Bill CIpher! So glad to see you again!",Tad laughed menacingly. The boy with golden hair glared at Tad,"How DARE you touch him with your disgusting hands!"

I looked to see another me holding my arm. He had a serious look and had a blue vest with black underclothes. His cape behind him as the wind tried to take it. "Give us back the original, Strange or so help me I will take him from you myself!",he said calmly but venomously.

The boy who looked like KIll but with blue hair spoke softly yet strongly,"Sir Mason, I believe you are also part of this cruxifa he speaks of."

Mason's face flushed and he looked away, clearly embarrassed. "Do what you want cipher's but once the cruxifa is complete and all the dippers are dead. I will be able to rule the world!"

"Not on our watch!",everyone seemed ready to battle as Tad summoned

vicious demons.

"Protect your dippers!",a hunter who looked like Bill shouted. Everyone charged and I watched as the bloody battle began.

"Pinetree...."

Kill was fighting another guy as I looked over to Mason. He was also fighting.

"Pinetree.....!"

I felt someone behind me so I turned around and gasped as a gun was pointed at my chest.

"....ine.....ree!"

"Prepare to die!",Tad smirked. I closed my eyes as he pulled the trigger.

"PINETREE!"

I screamed and rose up from the bed. Kill and Mabel was standing over me, worried expressions spread all over their faces. Kill had his arms wrapped around me and I silently let him. What was that dream? Why was there another me? And why was Tad part of it?!

"Are you okay?",kill gave me a comforting smile. "Kill, we have to find Tad", I got up from eh bed and grabbed my flannel from the floor. How the hell did it get there? Kill looked pretty pissed when I mentioned Tad. "Why do you want to look for him?",he said gravely.

"Kill! I don't have time for this! If we don't find Tad it could mean the end of the world", I grabbed my journal and put in my flannel pocket. "Now you're just being exaggerated! What does he have that I don't! Why do you choose him over me!",Kill rose up from the bed and crossed his arms in frustration.

"Guys! Calm down!",Mabel tried to get Kill to relax but he shook his head.

"No! Can't you see? I have always been there for him! I'm always

beside him and I always worry about him. I don't see Tad being his shoulder when he cries! I didn't see Tad help when dipper fainted in the middle of the cinema! I am always there because I love him and I can't stand the thought of him choosing someone who doesn't even care!",Kill huffed as he finished his rant.

Mabel and I stood there shocked and mouths wide open. Tears started to stream down his eyes and I'm guessing he felt them because he started wiping them away.

"I have to go", kill whispered and left the room. I heard the front door open and slam shut.

"Way to go dipper! I can't believe you hurt him like that even after everything he's done for you", Mabel huffed and left my room to go to hers.

They don't understand. I was looking Tad so I could save everyone. So I could save the world.

So I could save him.

A/N: Net Neutrality

[image]

Hey everyone! I know I haven't been uploading recently but finals are here and I have been studying nonstop.
What I wanted to talk about was this Net Neutrality act. I am late on this and I apologize. (Correct me on this if I'm wrong)
Net Neutrality is when your free to do whatever you want on the internet without having your cable or phone company giving you consent on going to the website.
Imagine that being taken from you!
Imagine having to pay more than what you used to pay and having to pay to go on a few websites.
Why an I telling you this? I'm telling you this because the votes come in tomorrow so this might be the last time I write to you guys.
I'm so sorry and I hope that I can still manage to finish this story. I love you all and I am so thankful for your support! Writing for you has been an exciting experience for me and your comments kept me going. You are all special people and I believe every one of you is beautiful.

Shout-out to everyone and I dedicate this book to my young sister who helped inspire me to write this series: ingaiavana

A/N: Q&A

Hey everyone! Sorry, it's been a while. Recently I have been incredibly busy with finals and I have a bit of writer's block.

It sucks so much and I thought ,"Hey! Maybe if I have a Q&A it might help me get some motiviation." So thats what I am doing!

You guys always help when it comes down to this. So this is how it's gonna work.

Write in the comments your questions that you may have about this book. You can also ask the characters any questions that you would want answered and they would answer them.

We will do our best in answering your questions. Also, put the characters name in front of your question. For example:

Kill:

Dipper:

Mabel:

Tad:

Stanley:

Me:

Don't be afraid to comment! We will do our best in answering them. I love you all!!!

END part 1: Chapter 23

[image]

This is the first part of the END. Sorry guys but this story are coming to an end. Of course, this book is. Sorry, everyone. These last chapters have to be very long which I guess is good. Sorry again. I love everyone single one of you and thanks for your comments. They mean so much and have kept me going.

Q's
Ludetermind: Might be personal but how old are you?
Me: I am 14 years old but about to turn 15.

RavenLovingFangirl: Question...
Kill: ....Answer.
Dipper: (-_-)
Kill: ;p

Melodie928:Tad: Why the fuck are you such an asshole?
Tad: Because I am.
???: Is that the real reason?
Tad: Shut up Cipher!!!
*???: Jeez, you **are** an asshole.*
Tad: whatever

Thanks to those who took their time to ask questions! I love you all!

Tad POV

Damn that Cipher! Why can't they ever learn to stay away! I looked up at the moon and glared. It reminded me of a broken soul who's master treats him poorly. "Then again, that rat decided to save him too!",I growled and punched the nearest tree. Every dimension is the same.

"What are you doing here!"

I turned around. Kill Cipher stood at the entrance of the moonlight pond. "Damn you! I don't need to explain myself you", I turned back around and stood at the edge of the pond.

"I don't want any trouble Tad", I heard him mutter. I smirked to myself and continued to stand near the pond. "I have a question for you Cipher", I turned to look at him. His eyes glowed red and his teeth seemed to have gotten sharper. He nodded as if saying to continue.

"How would you like to see your brothers?"

Dipper POV

I ran down the stairs and headed out the front door. I have to find Tad before it's too late!

I noticed a red figure running in between the woods. Kill! I ran and followed the glowing figure. He was going at an extreme speed but I made sure to stay behind and close. He suddenly stopped at a small pond. The pond where he confessed to me. "What are you doing here!",Kill said in a low and scary tone. For a second, I thought he was speaking to me. Fear spread all over when I almost got up to apologize but then stopped once a voice responded.

"Damn you! I don't need to explain myself to you!"

"I don't want any trouble, Tad."

Silence.

"I have a question for you Cipher."

There was another bit of silence. I looked up to see that Kill has transformed. It's been a while since I have seen him like this.

Hot. NO! Shut up mind! What the hell am I thinking!?

"How would you like to see your brothers?"

I froze.

Brothers?

I remembered my dream and gasped. I quickly covered my mouth but it was too late. "Come out from there!",someone shouted,"Or I will pull you out of there myself." I sighed. Welp, here goes nothing.

I rose up and saw Tad's eyes widen in glee. I looked at Kill who stared right back at me but was emotionless. It took everything for me to look away. "Dipper! So nice to see you here!",Tad opened up his arms in welcome. "Shut it demon!",I snapped. He stopped smiling and frowned. "How did you know I was a-", he started but I cut him off. "I know what your plan s with the cruxifa! I know what you are planning to do!",I quickly said. He backed up, startled at my outburst.

I looked over at Kill who was looking over at Tad. "My brothers? You know where they are?",he mumbled. My jaw dropped. Did he not hear me at all? He looked at me with a hurt and angry expression. Yup, he heard.

"Yes cipher. I know your brothers and of their whereabouts",Tad lifted up his hand. A cane appeared to which he turned into an umbrella. Why an umbrella?

Kill did the same but kept the cane. "Of coarse, I don't work for free",Tad smirked,"I ask for a trade."

"Stop this right now!",I shouted and got in between them. "Kill! If we dont stop Tad right now, the world can come into an end",I looked at Kill ,hoping to find some sort of diffrence. His face stayed the same. Hurt and betrayed. "What's the trade",he exclaimed.

"Give me your dipper and I will lead you to one of your brothers."

My eyes widened and looked at Kill wth fear. His face showed that he was thinking. Was he thinking about it!? "No! I will not let myself be given away like some small toy!",I launched myself at Tad and punched him. He growled as I punched him hard across the face.

"Stupid human!",he growled and shoved me off him but I was fast. This isn't my first rodeo. He got up from the ground and charged. I did the same but gave him a quick uppercut. I knocked him down and stood over him. I grabbed him from his collar and struck him again and again.

I started to smile and giggle a bit. I continued to punch him harder and harder.

I was now laughing at this point. I wanted him dead. I wanted his blood!

Kill POV

I looked over at dipper as he was punching Tad. "Stop! Dipper!",I ran over to him but something seemed to be keeping me back. He was laughing now and his smile was that of a madman. Oh no! It's finally starting to happen. The side effects.

"DIe! DIE! DiE!!",he screamed and laughed. I couldn't bare to watch. "Stop it dipper!",I pushed against the strange force and reached for him. I felt his shoulders and pulled him to me. He gasped and got off Tad.

His eyes were glowing a bright red and half of his face was covered in blood. Did he kill Tad?

I rushed over to Tad and felt for his pulse. Gone. Did he kill him? How could he have killed a demon?

"I.NEED.MORE!!!",dipper laughed and licked off the blood that was in his hands. What the hell?!

He looked over at me and smiled creepily. I shivered in disgust and fear. "Pinetree", I whispered lowly. His eyes seemed to dimmer when I said that. "Blood! I need it!",he growled and reached for Tad. I snapped my fingers and encased him in a bubble. Why did this have to happen?

"T-thanks", Tad got up from the ground and I jumped. How the hell was he alive!?

"Thanks.....for making my job a whole lot easier!",Tad grinned and snapped his fingers. I looked over at Pinetree and noticed his eyes stopped glowing red. It was a trap!

"You ciphers are so easy to fool!",he laughed and floated over to the pond. "Now we can begin!",he grinned. I snapped my fingers letting the bubble pop. Pinetree fell and I caught him. His body limp. I pick him up bridal style and looked over at a portal. Portal to where?

"Prepare for the cruxifa!",Tad laughed. The trees looked as if they were dying and the sky started to turn blood red. The Earth was shaking viciously. "We have to fight!",I looked down at Dipper and noticed he was mumbling to himself,"Destroy.....the....demon."

I nodded and looked over at Tad. He was laughing like a maniac. "Let's go Dipper", I teleported away from the pond and into the shack. I laid him down on his bed and began to walk away. "K-kill",Dipper mumbled. I looked back at him. "I-I love y-you",he whispered but I still heard him. I smiled warmly and walked back beside him.

"I love you too",I leaned down and kissed him on the lips. He kissed back softly. "D-don't leave me",he whimpered. I smiled sadly this time. "I'm always going to be by your side",I kissed him again on the lips and got up from the bed. "Come b-back to me please",he said one last time before closing his eyes.

"I promise",I walked out of the room and called his family into a meeting.

Mabel POV

"WHAT!!???",I screamed as Kill explained to us in what was happening. Kill nodded,"I know it might be hard to understand but-"

"We have to fight! Defend fight falls!",I got up from my seat and marched out the door. NO ONE COMES AND DESTROYS OUR HOME! I froze suddenly and quickly reversed back. I entered the kitchen and grinned embarrassed.

"So.....uh...who's he villain again?", Kill rolled his eyes and grunkle

Stan chuckled. "Tad Strange",kill said in disgust. Tad? The man I tried to send on a date with my brother?

Anger filled my veins. "I'm gonna send his ass right back to hell!",I growled. *I'm coming for you Tad.*

Happy holidays to everyone! Part 2 will be released tomorrow or should I say....the last chapter. It was fun writing for you guys and I loved it. Thank you for always staying by my side. I love you all!

Dipper POV

Trust No One.

I gasped. What was that? **Who** was that?

Wait! Where am I? I looked around and relaxed when I realized I was in my room. What was I doing in bed? Suddenly, memories of what happened were brought back. "Kill!, I screamed. Was he okay? Where is he! I got up from my bed quickly. There was a loud crack and pain suddenly rushed from my leg. I yelped and collapsed into the ground.

"Pinetree!",I heard Kill rush to me and kneel down. I looked up at him with pain. What the hell? Why does it hurt so much? "Pinetree, are you okay?",he asked worriedly. I shook my head and tried to get back up.

Snap.

"AH!", I screamed and fell back down. Kill picked me up bridal style and laid me down in bed. The pain seemed to be spreading. "K-Kill! H-help me!",I struggled to speak.

Painful isn't it dipper.

"AHH!",I screamed again and held my head tightly. My brain felt as if it was going to explode.

"Pinetree! Look at me! What's going on!",he tried to pry my hands off but I held on tighter.

Come to me and maybe it will stop.

"T-Ta.....T-a...TAD!",I managed to say. Kill, startled by my outburst, nodded and picked me up. We teleported back t where Tad was. His

face was that of a crazy person. "Good job dipper!",he laughed,"Now stand here in front of me." I hesitated. The pain came back quickly.

"GAHH!",I screamed and fell out of Kill's arms. He gasped and tried to pick me up but I only shoved him away. I crawled painfully towards Tad and looked up breathing hard.

He looked down at me and smiled. "It's time."

I closed my eyes in defeat. "Pinetree! NO!",I heard Kill scream as Tad picked me up.

"Stop him!"

Mabel.

"Kid! No! Please!"

Grunkle Stan.

"Pinetree!!"

Kill.

I opened my eyes and looked at all of them one last time. Their eyes filled with tears as a forcefield kept them away from the portal. Tears spilled from my face as I smiled sadly at them. I didn't think this is how I would go. I tried. I wanted to save them.

I looked at kill as he was screaming and punching the forcefield. "I love you too", I sobbed. His eyes widened and the tears fell harder. He punched the forcefield one more time before looking at me. "I'll find you! I promise that I will find you!",He cried,"I love you!"

Tad laughed maniacally and we disappeared into the portal.

We will meet again....one day.

Gary POV
It's been a week since the man in a purple suit came to make a deal. I grabbed my bag and took a deep breath as I looked down at the button. The button that will change my future.

~flashback~
"*You hate Dipper....don't you?",the man grinned. I froze. How did he know? "I know lots of things human",he held out a hand,"if you hate him as much as I do....then help me kill him and a few others."*

I did hate Dipper. I hated him so much. "C'mon kid! I'll give you anything in return."

Anything?

I grinned and accepted his hand. I got up and faced him. "I accept."

"Great! Now listen here...."

~end of flashback~

I pushed the button which opened up a portal.

The names Tad Strange.

"This better work Tad",I muttered as I entered the portal. He promised me. If I go through with this.....I will get him back. I will get dIpper back for what he did to me all those years.

End.
